

Become a **Tour120** Host  
and bring the tour to  
your Kentucky Community!

*Celebrating Historic Preservation year round, launching with historic building tours across Kentucky.*

**Tour120** is an exciting new program designed to raise awareness of historic preservation in Kentucky communities, and raise money for nonprofits to help carry out their mission.

**Tour120** publicity, promotions and media coverage are coordinated by Preservation Kentucky and focus on national, regional and statewide exposure.

With your participation, Preservation Kentucky promotes historic buildings year-round and features tours on the same weekend during Historic Preservation Month each May in as many of Kentucky's 120 counties as possible.

**Tour120** benefits include attracting visitors from across the state to your community and increasing awareness and support for local historic sites.

Participation is open to nonprofits, historic neighborhood associations, chambers of commerce, convention & visitors bureaus, and other groups interested in preserving Kentucky's heritage.

**Tour120** proceeds help preserve the architectural sites that enrich our communities and the historic treasures that make Kentucky special.

**Tour120** sites represent a diversity of architectural styles, history and purpose, including buildings not normally open to the general public.

Become a **Tour120** Host and join us in making **Tour120** an effective, memorable statewide program!
